RV Gap

GAP protection for new & pre-owned Recreational Vehicles

In the event that your recreational vehicle is stolen, accidentally damaged beyond repair, or otherwise declared an insured total loss, the insurance company pays the actual cash value of the vehicle at the time of loss – **not what you still owe**. You are still liable for the difference between the insurance company's settlement and the balance of your loan/lease. Guaranteed Asset Protection (GAP) fills the void left by the insurance company.

By purchasing Prosidium RV Gap you are off the hook: we pay the difference between the total loss insurance payout and the balance of your recreational vehicle loan. Our RV Gap Plan:

- *Helps to cancel your debt for totaled or stolen vehicles*
- *Protects your credit rating and vehicle value*
- *Assures you a positive financial transition*
- *Eliminates your worries about financial burden*
