Protection Plans

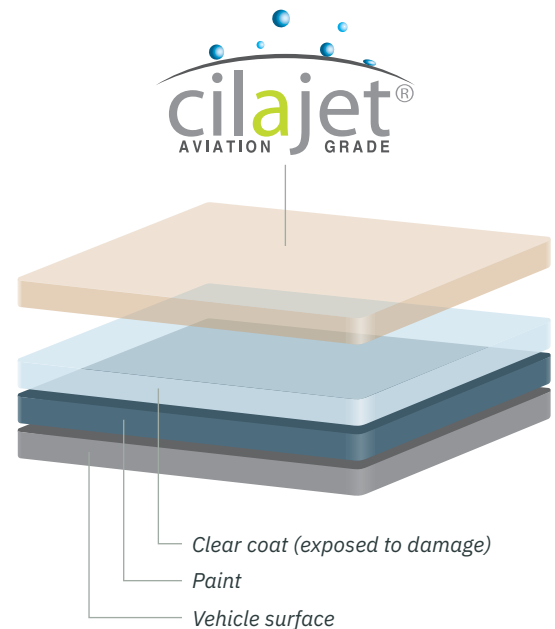

RV Maximum Shield

Maximum Shield Surface protection for new & pre-owned recreational vehicles

Prosidium's RV Maximum Shield protection plan provides customers with Cilajet® Aviation Grade products developed for recreational vehicles finishes. It includes environmentally friendly exterior ceramic paint coating, interior leather, vinyl, fabric and carpet protectant.

The treated painted exterior surfaces of your recreational vehicle will retain their high luster shine and interior fabrics and leather will remain free of permanent stains from the date of application for the term of the limited warranty agreement, except where otherwise noted. We reserve the right to attempt to repair any damage or remove any stain through professional detailing or cleaning prior to repainting or replacement of any surface.

AVAILABLE COVERAGE	Interior	Exterior	Rips, tears, burns

Level II	●	●	●

Interior Protection

Cilajet® interior protection prevents water and oil-based food and drink stains. The protectant forms a protective barrier from UV fading on seats, door panels, and dashboards as well as restores and maintains leather and vinyl to its original luster.

Cilajet® Fabric and Carpet Protectant penetrates and coats each fiber without altering texture or color, creating invisible protection against water and oil-based stains, including food and drinks, while preventing UV fading. Interior products are hypoallergenic and 0% VOC (volatile organic compounds).

- Protection against:**
- Stains caused by spills
 - Fading
 - Cracking
 - UV
 - And More

Exterior Protection

Cilajet® exterior protection delivers an amazing exterior gloss, protecting recreational vehicle paint against UV rays, acid rain, industrial fallout, bugs, tree sap* and other contaminants. When professionally applied Cilajet® bonds with the exterior of your recreational vehicle at the micron level, giving it a deep mirror-like finish.

Cilajet® is extremely durable and weather resistant, enhances paint gloss and makes it harder for mud and grime to stick to the paint making it easier to clean your recreational vehicle and keep it in showroom condition.

- Protection against:**
- Acid Rain
 - Fading
 - Oxidation
 - Loss of gloss
 - Bird droppings & tree sap*
 - And more

*Tree sap and bird droppings damage is limited up to \$1,500 per occurrence

Rip & Tear Benefit

Prosidium's RV Maximum Shield plan offers Rips, Tears & Burns coverage as an optional level of enhanced coverage. This benefit covers repairs on rips, tears, and burns up to two inches in length in areas that have been treated. Please see your agreement for Rip, Tear & Burn coverage.

This brochure is for marketing purposes only. Please see your agreement for complete terms, coverage, and exclusions.
