- ✓ Flight Reimbursement
- ✓ Open or Enclosed Hauling
- ✓ Reimbursements up to $500 per occurrence

Preferred Coverage Inclusions:

Engine Components: Engine block and cylinder head(s), and all internally lubricated parts, including pistons, pins, rings, connecting rods and bearings, crankshaft and main bearings, camshaft, followers and cam bearings, push rods, valves, springs, guides, seats, lifters, rocker arms, shafts, bushings, core plugs, timing gear, timing chain or timing belt, belt tensioners and retainers, eccentric shaft, oil pump, oil cooler and oil cooler lines. Also covered are the following: water pump, fuel pump, oil pan, intake and exhaust manifolds, engine mounts and cushions, engine torque strut, timing cover, valve cover(s), harmonic balancer, flywheel (flex plate) and flywheel ring gear, vacuum pump, dipstick and tube, all pulleys, and all internally lubricated parts of the turbocharger/supercharger, including waste gate, vanes, shafts, and bearings. The turbocharger / supercharger housing is covered only if damaged by the failure of an internally lubricated part.

Transmission Components: (Automatic or Manual) Transmission case, transfer case, torque converter, and all internally lubricated parts contained within the cases, filler tube and dipstick, vacuum modulator, internal linkage and transmission mounts.

Drive Axle Components: (Front & Rear) Differential housing, trans-axle housing, final drive housing, and all the internally lubricated parts of the foregoing, axle shafts, constant velocity joints (except when CV boot is torn, perforated or leaking), universal joints, drive shafts, locking hubs, hub bearings, locking rings, supports, retainers and bearings.

Seals and Gaskets Coverage: Seals and gaskets are covered for all listed parts, provided the vehicle has 125,000 miles or less at the time of purchase.

Air Conditioning Components: (Factory Installed Units Only) Air conditioner compressor, clutch, clutch pulley, clutch coils, electrical HVAC actuators condenser, evaporator, expansion valve, accumulator, orifice, idler pulley, bearing, blower motor, temperature control programmer, high/low cut off switch and receiver/dryer.

Heating/Cooling Components: Water pump, thermostat, radiator and mounting brackets, cooling fan motor, fan blade, fan clutch, fan shroud and fan controller module, coolant recovery unit, blower motor and heater core.

Electrical Components: Starter motor, alternator, voltage regulator, distributor, ignition coil, starter solenoid, ignition switch, lock and tumbler, brake light switch, wiper motors, horn button and horns, manually operated switches, power door locks, window motors and regulators, mirror motors and controls, power antenna motor, power seat motor; cruise control transducer, engagement switch and servo; turn signal switch, wiper delay switch and controller, wiper/washer controller and pump, power sunroof/convertible top motor and switches, relays, gauges, electronic level control module, instrument cluster, electronic mixture control unit and sensors, electronic anti-detonation sensors, keyless entry system, and electronic anti-theft device (factory installed only).

Braking Components: Master cylinder, power assist booster, wheel cylinders, combination valves, metal hydraulic lines and fittings, disc calipers, backing plates, springs, clips, retainers, and electronic anti-lock brake system (ABS) and relays, parking brake linkage and cables and rear actuators.

Suspension Components: Struts, mounting plates, retainer and bushing, upper and lower control arms, control arm shafts and bushings, the upper and lower ball joints, steering knuckles, wheel bearings, stabilizer shaft, linkage and bushings, torsion bars, spindle and spindle supports, radius arm and bushings, coil and leaf springs, strut bar and bushing.

Steering Components: Gear housing and all internally lubricated parts, including the rack and pinion, power steering pump, main and intermediate shafts, couplings, cooler and cooler lines, power cylinder and pitman arm, idler arm, tie rod and tie rod ends and control valve.

Fuel Delivery Components: Fuel pump, fuel tank, fuel tank sending unit, metal fuel lines, fuel injectors, carburetor, throttle body, fuel distributor, fuel injection pump, diesel injectors, diesel injector pump and vacuum booster pump.
