OVERLAND ARMOR

Surface protection for new & pre-owned vehicles

Overland Armor protection plan provides customers with the Cilajet® Aviation Grade developed for automotive finishes. It includes environmentally friendly exterior ceramic paint coating and windshield protection product.

The treated painted exterior surfaces of your vehicle will retain their high luster shine and will remain free of permanent stains from the date of application for the term of the limited warranty agreement, except where otherwise noted. We reserve the right to attempt to repair any damage or remove any stain through professional detailing or cleaning prior to repainting or replacement of any surface.

EXTERIOR PROTECTION INCLUDED

Overland Armor protection plan provides customers with the Cilajet® Aviation Grade developed for automotive finishes. It includes environmentally friendly exterior ceramic paint coating.

The treated painted exterior surfaces of your vehicle will retain their high luster shineand will remain free of permanent stains from the date of application for the term of the limited warranty agreement, except where otherwise noted. We reserve the right to attempt to repair any damage or remove any stain through professional detailing or cleaning prior to repainting or replacement of any surface.

WINDSHIELD PROTECTION PRODUCT

See the road ahead with added confidence. Cilajet® windshield protection helps repel water, reduce frost buildup and maintain high-definition clarity for improved visibility in everyday driving conditions. If the original application fails during the Limited Warranty term, the protection will be reapplied at no additional charge.

**Programs vary by lender/dealer and state. Refer to your Overland Armor Contract for all terms and conditions. This brochure for marketing purposes only.*
